

Summer Reading List 2008: Entering Sixth Grade

Dear Parents and Students,

We hope that while you have fun in the sun this summer, you will also take time to read. Please look over the suggested list of sixth grade reading books. One book you will be required to read, and two additional ones you may choose.

The required reading book for incoming sixth graders is:

Maniac Magee by Jerry Spinelli

We will be discussing this book when you return to school in September.

Two additional summer reading books may be chosen from the web site:
www.bookadventure.com.

Click on “Book List” and find two books according to your reading level and the categories you wish to choose.

After you have read them, print out the tests and have your parents sign them. Bring them to school the first day!

Sincerely,

The Sixth Grade Teachers
